## **IMCO-STAT is chosen by Eureka Springs Hospital for CTRM**

IMCO-STAT is FDA approved and meets JCAHO Goal 2 requirements

(Pewaukee, Wisconsin, USA) IMCO Technologies' IMCO-STAT Critical Test Results Management (CTRM) will be deployed at Eureka Springs Hospital in Eureka Springs, Arkansas.

IMCO-STAT is an **FDA approved** Critical Test Results Management (CTRM) solution that helps our clients meet JCAHO Goal 2 requirements by providing fast, reliable, and secure communication between medical professionals.

IMCO-STAT is capable of sending messages from Radiology, Laboratory, and other areas by means of secure text messaging, secure voice messaging, secure email, and secure paging via a variety of cross-platform devices such as workstations, laptops, tablet PCs, PDAs, smart phones, BlackBerry, and other wireless devices.

IMCO-STAT Critical Test Results Management (CTRM) provides closed loop reporting using automatic receipt confirmation, and an events log to provide an audit trail. With messaging through IMCO-STAT, risks associated with failures in communication can be minimized, allowing facilities to provide the highest quality of patient care.

### About IMCO Technologies

IMCO Technologies is celebrating its 19<sup>th</sup> year as an innovator in the Imaging and Informatics marketplace. IMCO produces, sells, and services software applications for hospitals and other healthcare facilities. IMCO's software solutions address Informatics needs such as critical test results management. Product development focuses on the principles of 1) adherence to industry standards; 2) system configurability and modularity; 3) ease of use; 4) rapid image retrieval; and 5) affordability.
